Robert DiTommaso Photography Upcoming Schedule of Photography Workshops

Welcome Mid-Winter!

We are still working on adding a few more workshops to the March schedule. It may seem like this winter is never ending, but there is learning and fun to be had in the studio!

Join Bob this winter to advance your photography skills! At publication time, I am working to schedule a Photo Walk at a local church later in March. We will have something at the Detroit Zoo once the weather is more accommodating!

Photography Workshops

Bob offers a variety of workshops each month covering photography techniques from basic to advanced subjects. We are always looking to expand our class list - if you have a subject you would like us to cover, drop us a line!

Photo Safaris

Photo Safaris are an opportunity to immerse yourself in the art of photography. These gatherings are held over 3-5 days at places that are farther afield. This spring there are (2) trips - one to Washington DC (4/4-4/7) and one to the Western side of Michigan

What are Students Saying?

"This was a fun and informative class. I learned a bit more about camera settings and a lot about studio lighting. The models were also good sports and held smiles for the duration. Thank you!" EB

"Great experience. Very informative and enjoyable. The models were very cooperative and smiling till the end. Thanks Bob." L

"Fun, informative meetup! Fellow photographers sharing and expanding their talents." C

What are Students Saying?

"GREAT...loved it! It was a great set-up and very organized. Really

for the Holland Tulip Festival (5/9-5/11). During the trip, there is plenty of time for both group and private instruction in beautiful locations!

Photo Walks

Photo Walks are free gatherings in the Metro Detroit area. We try to schedule at least one gathering a month. These are an opportunity to gather with other photographers and practice your photography skills. Bob doesn't generally offer specific instruction at a Photo Walk, but he is available to answer questions.

Private Photography Lessons

Private Photography Lessons focus on you, your equipment and your interests. The 90-minute lesson is \$75. If you purchase a series of (4) lessons (\$300), the 5th lesson is free.

Lightroom Training - Powerful Post-Processing Software

Monday, April 28 - Image Management / Organization
Monday, May 5 - Image Development
Monday, May 12 - Image Output / Sharing
Monday, May 17 - Workflow Process

Bob strongly recommends using Adobe Lightroom for image management, development and outputting your images. Lightroom is an excellent tool that you can use if you are a casual photographer or a professional photographer. Bob teaches a series of (4) classes to cover each module of the software. If you register for an individual class, the cost is \$35. If you register for all (4) workshops, the series is \$112. This is a 20% saving.

You can bring your laptop to work on your own images if you like, but Bob also suggests you just attend the workshop, following his tutorial and practice on your own images at home. Bob shares a lot of tips and tricks with students throughout the course.

Lightroom is available from Adobe as a monthly services fee. With the monthly fee based service, you will receive all the updates automatically. You also have access to storage on their cloud. You can also purchase it as a 1-time software purchase. It is available at B&H Photo Video for a limited time longer. It is approximately \$99 from B&H.
